*“God is our refuge and strength, an everpresent help in trouble” Psalm 46:1*

## **Mrs. Lavezzi's Classroom**

Three more days! Today we will be baking our cookies so we can decorate them on Wednesday during center time. Wednesday we will have a movie instead of nap for some quiet time before our school party in the afternoon. Gifts for the exchange need to be in on Wednesday! Please also remember to send in a bag of regular sized marshmallows for the snow ball fight. Our party will begin at 1:45 all parents are welcome to join us.

## **Mrs. Burns Classroom**

We finish the year strong with three short days! The first half of the year has been so rewarding. Your children are making very great accomplishments at school. Their reading scores from first to second quarter are amazing! Keep up the reading outside of school! We finish our Christmas books this week, finish our parent Christmas gift, journal about Jesus and Santa and finalize plans for the Christmas Eve Program. No memory or spelling this short week! We pray that you have a very Merry Christmas!

## **Mrs. McCalla's Classroom**

The end of 2nd quarter has arrived! We are doing several Christmas themed activities this week, along with finishing core content in several classes. There will be a science vocabulary test on Tuesday. Students will be coming home with the start of their "Family Heritage" social studies project this week so they can begin researching over Christmas break during family gatherings. Students will be researching where their families come from and pick a family recipe that has been passed down from generation to generation. We will use this information and the recipes to create a class heritage cookbook during January. No spelling or memory this week. May you have a wonderful Christmas break, filled with lots of memory making experiences! Merry Christmas and God's blessing on your New Year!

## **Mrs. Biermann's Classroom**

This week in middle school, we are finishing up pre-WWI History and tying up loose ends in English. We will do a final review of DNA and look forward to beginning macro-biology in Quarter 3.

We will finish Christmas Carol today. We will have our feast and watch the movie on Wednesday. Students may bring their food in early if it can be stored in the refrigerator. Have a merry Christmas!

## **Student of the Week**

Sophia Schneck is in second grade and her favorite things are the color pink, dogs and cats, corn, the book, Frozen, and volleyball. At school she likes recess, and at home she likes to play. Some super-cool facts about her is that she plays nice, does her homework and treats friends nicely. She is a star because she is nice to her mom and dad. She shows others she cares by playing with all her friends. When she grows up she wants to be a veterinarian. God bless Sophia!
