Dear Parents of St. Peter's Lutheran School:

RE: Tuition Payments

A significant portion of the operation of our school depends on the time and talents that are generously shared by everyone close to the school for the health and growth of our ministry. The other portion comes from the mission work for Christian education of St. Peter's congregation and tuition funds. Sixty percent of this financial support was provided through the congregation. The cost to educate one child is estimated at \$5,500-\$6,000. We ask for a portion of that with our tuition costs.

We ask you to fill out the Tuition Agreement Contract or the Verification of Financial Need Form. The Tuition Agreement Contract gives our Board of Education an idea of when to expect payments. We will not turn away any families who are unable to pay our tuition costs and desire a Christian education for their children, so we ask that the Verification of Financial Need Form be used. We desire that all children receive the saving knowledge of our Savior, Jesus Christ.

Preschool registration fees are \$40 and grades K-8 fees are \$150.00, unless paid during pre-registration.
